ABOUT ST.MUNCHIN'S COMMUNITY CENTRE

St. Munchin's Community Centre has had an active role

in promoting and developing community involvement within the Parish since its establishment in 2005. The Community Centre has developed a broad representative base from within the Community.

The core activities of the community centre would not be possible without the continued funding and support of FÁS Limerick City Council, the HSE. With the continued support our staff and management team, and the general public we hope to build on the programme and Services we provide.

MISSION STATEMENT

"We aim to be an approachable, energetic, motivating and developing group who will assist our community to develop a sense of pride and reach its full potential. Our aim is to achieve this through supporting development within our community, networking, identifying and responding to needs and issues. We aim to enjoy what we do."
